Henry Ford, the philanthropic automobile manufacturer of Detroit, recently paid a visit to his friend John Burroughs, the famous naturalist, who is now nearing the four-score mark. Mr. Burroughs spends his summers at Woodchuck Lodge, Roxbury, N. Y. This is the farm where he was born and it is here that he renews his youth and does some of his best literary work. The Burroughs farm is close to that of Helen Gould Sheppard. It was in "the little old red school house" at Roxbury that John Burroughs and Jay Gould were taught the three "R's" and memories of those boyhood days still linger with the author.

CARDINAL GIBBONS ON CHURCH UNITY

Review of a Strong Plea For a United Christendom.

Two Masterful Addresses Compared. Many Points of Likeness as Well as Difference-One Shepherd, One Flook. One Head, One Body-One Heavenly Bridegroom, One Heavenly Bride. Children of the Church-One Hely Catholic and Apostolic Church.

New York City, Sept. 5. - Pastor Russell, at the New York City Temple, W. 63rd St., near Broadway, preached a strong sermon on Church Unity. His text was, "One is your Master, even Christ; and all ye are brethren." Matthew 23:8.

Before beginning his discourse the Pastor read several extracts from a sermon by Cardinal Gibbons, advocating a united Christendom. One of these we quote:

"Hence it is clear that Jesus Christ intended that His Church should have one common doctrine, which all Christians are bound to believe, and one uniform government, to which all should be loyally attached. Where, then, shall we find this essential unity of faith and government? I answer. Nowhere save in the Catholic Church.

Pastor Agrees With the Cardinal. The Pastor declared that he agreed most heartly with Cardinal Gibbons' presentation in almost every particular. Unquestionably, he averred, sec tarianism is wholly out of accord with the teachings of Scripture. St. Paul pronounces it a proof of carnality-of an unspiritual state.-1 Cor. 3:3-7.

All conversant with history knew that God had permitted the world to witness first, a united Christendom and second, a divided Christendom. For long centuries Europe had practically but one Church-Roman Catho lic. The results surely were not all that could be desired; for throughout that period ignorance and superstition they're 'most all sickly!"-Kansas held sway. During the last few centuries we have had Christendom divided into sects and parties. While the results are not what God's Word prompts us to expect, nevertheless this division has certainly tended toward greater freedom of thought, greater liberty from ignorance and superstition.

But while agreeing with all the Scriptural premises laid down by Cardinal Gibbons, the Pastor disputed the Cardinal's conclusion that this one Church of Christ is the Roman Church Equally, however, he disagreed with the various Protestant systems which profess each to be the Church. He Some people are young at 60-red contends that all are sons of God who cration through Jesus and receive the begetting of the Holy Spirit of God-

What these edy for kidney and bladder ailments multitudes of well-meaning but mis GOLD MEDAL Haarlem Oil Captaken people have done in the way of sules are imported direct from the organizing churches lodges banks organizing churches, lodges, banks etc. has had nothing whatever to do with the great organization which God effected eighteen centuries ago and which has persisted in the world as a unit ever since. The True Church has never been divided. Each member is united with the Lord, the Head, and through Him to every other member In this One Church has always been maintained one Lord Jesus, one faith-His Word of Promise-and one bap tism-consecration into Christ's death -2 Timothy 2:11, 12; Ephesians 4:4-6 Asked where is the history of this Church, the Pastor would reply, "The world knoweth us not, even as it knew Him not." (1 John 3:1.) The world of Jesus' day consisted of the professed religionists. Yet they knew not the great Redcemer whom God had sent. but crucified Him. Similarly, all down the Gospel Age, the great religious teachers of the various systems have not recognized the Body of Christ. Hence the most saintly characters-Catholic and Protestant-have been martyrs, as were Jesus and His Apostles, and as some may yet be if an outward union be effected such as prevail-Kindly but foreibly the speaker showed that to some extent both Catholic

ed during the Dark Ages. and Protestant systems have counterfeited the True Church. He did not charge that these counterfelts were intentional, but merely that the Church, coming under control of brilliant minds not spirit-begotten, not Heaven-enlightened, followed their misrepresentations of Scripture. The Catholic Church applies Jesus' words respecting the "little flock." etc., to the clergy, not to the congregation. This is the secret of Papacy's great mistake. In their ecclesiastical system they have a counterfeit of the True Church. The Protestant denominations more or less harbor this insidious error in a slightly different form, differentiating between clergy and laity. Thus the same spirit is manifested in all these systems, distinguishing them sharply from the True Church, all of whom are brethren.
